DETAILED ACTION

Applicant's arguments filed 9/8/03 have been fully considered but they are not persuasive.

I. Rejection of claims 39,40,44 under 35 USC 102(b) as being anticipated by Parham will be maintained for reasons on record and reason as follows. Applicant argues that Parham teaches method of applying a herbicide composition to crop to control weeds. Parham teaches that the herbicide composition comprises benzotriazole plus an oil based spray adjuvant. Applicant argues that Parham does not teach his composition being applied to plants to reduce phytotoxicity. Examiner argues that both Parham and the instant application teach the active step of applying the composition to plant / crop. Therefore, Examiner deduces that it is inherent that Parham's application would control weed growth in crop as well as reduce phytotoxicity properties to plants.

II. Rejection of claims 38 and 41 under 35 USC 103(a) as being obvious over Parham will be maintained for reasons on record and reasons as follows. See 35 USC 102(b) arguments above.

III. Claims 35-37,42 are allowable for reasons on record.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
